Dear Sir/Madam,

EXPAND ALOR SETAR-KANGAR ROAD TO EASE TRAFFIC FLOW

I refer to the New Straits Times report, dated 11 Mac 2010, regarding the above matter by Norizan Kamid.

2. JKR would like to thanks Norizan Kamid for being very concerned on the condition of Alor Setar –Kangar road with regards to it's capacity. In the 10th Malaysia Plan we have proposed at certain critical stretches along this road to be upgraded to a higher capacity four lane dual carriageway to ease the traffic flow.

3. At the moment some of the stretches along this road were provided with motorcycle lane to solve road safety issues. Expansion will be done as soon as we received the allocations.

Thank you.

Yours Faithfully
